The diagram illustrates a file inclusion structure. At the top is a gray box representing a header file: `LeoBoy.Core/src/Cpu/Instructions/Implementations/Inc/Inc.h`. Below it are two white boxes representing source files. The left box is `LeoBoy.Core/src/Cpu/Instructions/Implementations/Inc/Inc_A.cpp` and the right box is `LeoBoy.Core/src/Cpu/Instructions/InstructionLookUp.hpp`. Two blue arrows point from the bottom of each source file box up to the header file box, indicating that both source files include the header.
